Form Desk Mat

SKU: ST-LDMFS / ST-LDMFB / ST-LDMFY / ST-LDMFP

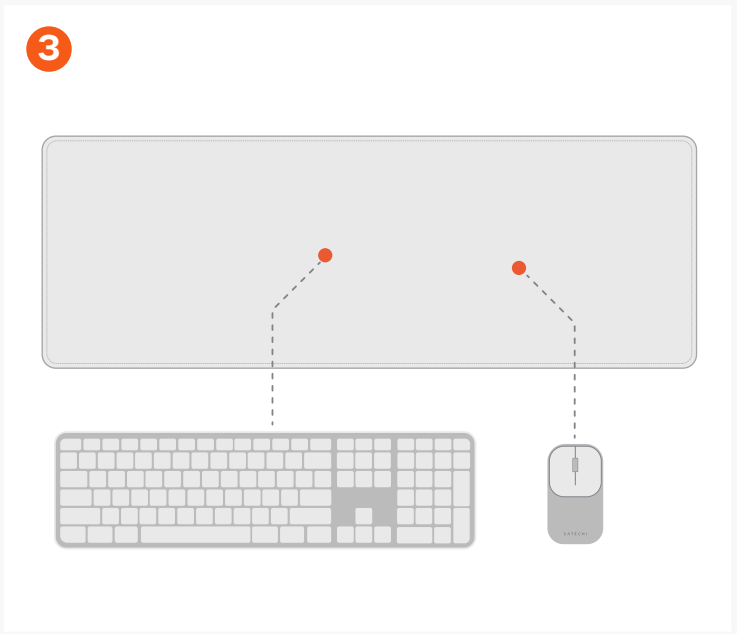

Unroll the Desk Mat

- Remove the desk mat from its packaging.
- Place it on a flat, clean desk surface with the non-slip base facing down.
- Gently unroll the mat fully from end to end.

Allow the Mat to Flatten

- **Leave the mat laid flat for 24 to 48 hours**. The mat ships tightly rolled and needs time to fully relax. This is normal.
- If edges still curl, gently roll in opposite direction or rest under flat weight (books) until smooth.

Set Up Your Workspace

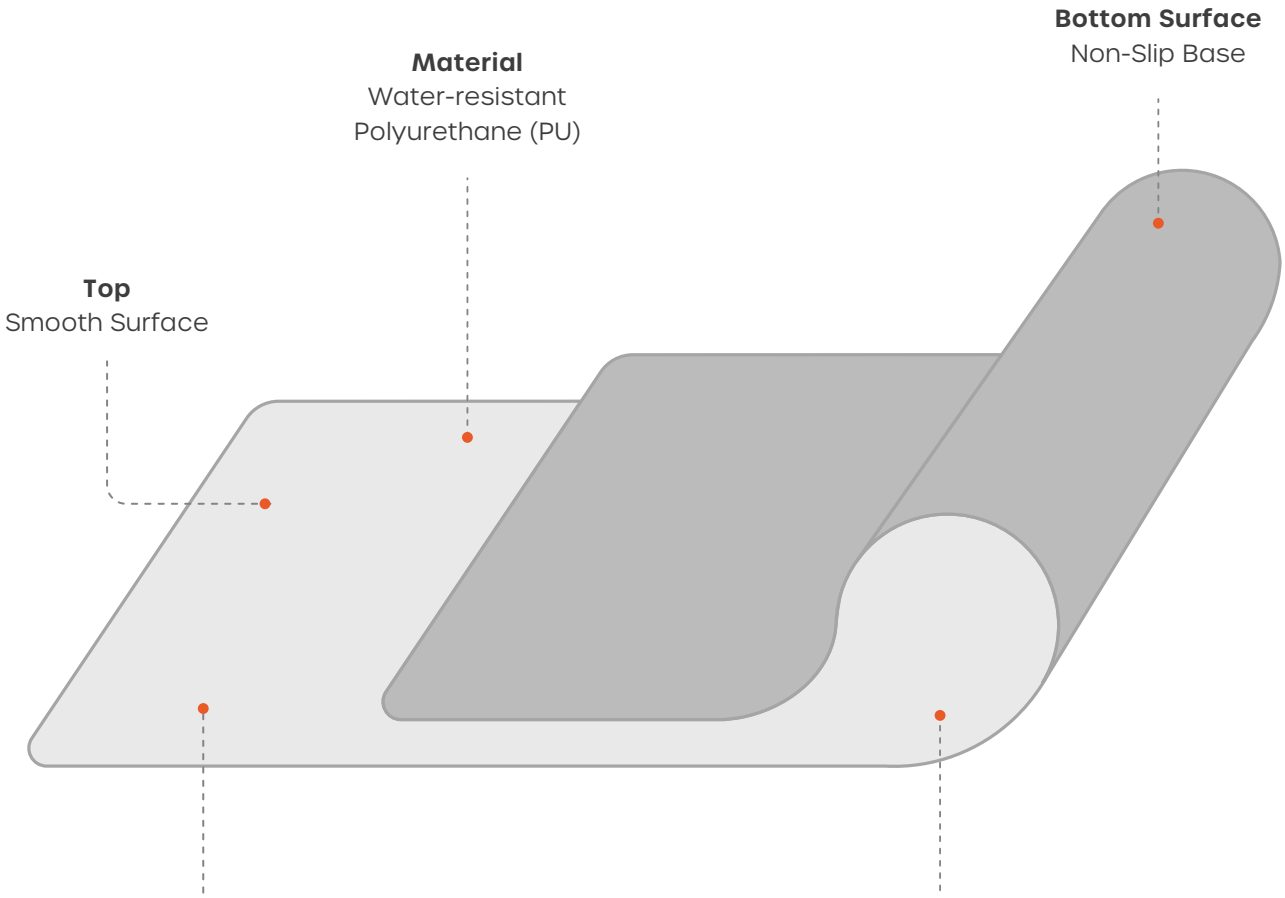

- Place your keyboard, mouse, and accessories on the mat.
- The weight of your accessories helps hold the mat flat during the initial settling period.
- Works on most flat surfaces. **Safe for wooden and lacquered desks.**

Clean Your Desk Mat

- Wipe up spills — coffee, water, food — immediately with a clean, damp cloth to prevent staining.
- Spot clean only; do not saturate the surface.

Important Notes

- Do not submerge the desk mat in water.
- Do not use harsh chemical cleaners, bleach, or ammonia-based products — they will damage the surface.
- Do not use abrasive scrubbers, sponges, or brushes — they scratch and wear the surface over time.
- Avoid direct, prolonged sunlight or heat exposure — the material may discolor, dry out, or wear prematurely.
