Full list of covered products with SKU and ASIN: see **Appendix A**.

Connected Service: Apple Find My
Data Controller:
Apple Distribution International Ltd.

Product Description

Satechi FindAll products are Bluetooth-enabled tracking accessories designed to operate exclusively within Apple's Find My network. The devices rely on Apple's encrypted ecosystem to provide locating functionality via the Find My app. Satechi acts solely as the hardware manufacturer and does not provide or operate any connected services.

Data Generated by the Device

- Bluetooth Low Energy (BLE) identifiers for device discovery.
- Encrypted location-related signals processed by Apple.
- Device status data (e.g., battery level, connectivity state).
- Audible alert activation signals (where applicable).

Satechi does not collect, store, receive, or access any personal or location data.

Data Processing & Storage

All data generated by the product is processed exclusively by Apple within the Apple Find My network. Data is encrypted end-to-end and processed and stored on Apple-controlled servers. Data retention and storage duration are governed by Apple's policies.

Apple disclosures:

- https://www.apple.com/legal/privacy/
- https://www.apple.com/legal/privacy/data/en/find-my/
- https://regulatoryinfo.apple.com/eudataact

User Access to Data (EU Data Act)

Users can access a copy of their data through Apple's Data & Privacy portal: https://privacy.apple.com/. Requests related to data access, portability, correction, or deletion must be directed to Apple. Satechi cannot fulfill such requests because it does not control or hold user data.

Contract Terms

The connected service relationship exists solely between the user and Apple. Applicable terms include Apple iCloud / Find My Terms (https://www.apple.com/legal/internet-services/icloud/) and Apple Service Level Agreements (https://www.apple.com/ie/legal/sla/).
