

ALUMINUM WIRELESS REMOTE CONTROL

- 1** Turn on power switch on the bottom side of the Remote Control. Make sure the slider is green.

- 2** Press and hold “Bluetooth” button for 3-4 seconds to put the Remote Control in pairing mode.

- 3** Turn on Bluetooth on your device, find the Remote Control in the list of available devices and click to pair.

- 4** Choose Media mode or Presentation mode using the switch on the top side of the Pointer.

- 5** To charge, plug the included charging cable into the Remote Control's Type-C charging port. Use the other end to plug into a computer USB port or USB wall adapter. Please allow 2.5 hours for a full charge.
