

Warning and Safety Information (Power and Charging):

1. **Read safety and health information**
2. **Electrical Safety Warning:** Improper use may result in the risk of electric shock or fire.
3. **General Battery Safety:** Improper use of disposable or rechargeable batteries may damage your device or its accessories because of battery fluid leakage, fire, overheating, or explosion.
4. **Heat-related Warning:** Prolonged heavy use may cause the product to become very warm. Ensure proper ventilation.
5. **Child Safety Warning:** Keep this product out of the reach of children to prevent choking or accidental ingestion of small parts.
6. **Usage Restriction Warning:** To reduce the risk of fire, shock or damage to your device, do not expose your device to rain, snow or other types of moisture.
7. **Storage Warning:** Store the charger in a dry, well-ventilated area, away from water sources and extreme temperatures.
8. **Emergency Handling:** If the charger overheats, emits smoke, or produces a burning smell, immediately disconnect the power and move away from the area.
9. **Risk In Repairs:** Opening and/or repairing your device can present electric shock, device damage, fire, and personal injury risks, and other hazards. Professional assistance for device repairs is recommended.
10. **Compliance Notice: Note:** This product complies with GPSR and relevant safety standards, ensuring safe usage.
11. **Environmental and Recycling Notice:** Dispose of old products in accordance with local environmental regulations to reduce environmental impact.
