GLOBAL LIMITED WARRANTY AND SAFETY GUIDE

Limited Warranty Statement

Satechi warrants that its hardware products shall be free from defects in materials and workmanship under normal use for a period of 2 years from the date of purchase. This warranty is nontransferable and applies only to products purchased from authorized sellers by the original purchaser. For purchases made through Amazon or other third-party retailers, warranty claims should be directed to the seller or their authorized distributor. This limited warranty provides specific legal rights, and you may have additional rights that vary under local laws. For complete details on warranty coverage, please visit

Warning and Safety Information:

- 1. Read safety and health information**
- 2. Exposure to radio frequency energy:** Devices that contain Wi-Fi and Bluetooth® radio transmitters have been designed, manufactured, and tested to meet official guidelines.
- 3. Electrical safety warning:** Ensure the use of equipment that meets the specified standards to avoid the risk of electrical fires or shock.
- 4. General Battery Safety:** Improper use of disposable or rechargeable batteries may damage your device or its accessories because of battery fluid leakage, fire, overheating, or explosion.
- 5. Heat-related warning:** Prolonged heavy use may cause the product to become very warm. Ensure proper ventilation.
- 6. Usage restriction warning:** To reduce the risk of fire, shock or damage to your device, do not expose your device to rain, snow or other types of moisture.
- 7. Child safety warning:** Keep this product out of the reach of children to prevent choking or accidental ingestion of small parts.
- 8. Compliance notice:** This product complies with GPSR and relevant safety standards, ensuring safe usage.
- 9. Environmental and recycling notice:** Dispose of old products in accordance with local environmental regulations to reduce environmental impact.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device,

pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of 20cm between the radiator & your body.

CAN ICES-003 (B)/NMB-003(B)

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. This equipment complies with IC radiation. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

CE Declaration of Conformity

Satechi declares that this product is in compliance with the essential requirements and other relevant provisions of applicable EC directives. For Europe, a copy of the Declaration of Conformity for this product may be obtained by visiting <https://satechi.net/support/doc>

WEEE Information

According to the WEEE (Waste Electrical and Electronic Equipment) Directive, do not dispose of this product as household waste or commercial waste. Waste electrical and electronic equipment should be appropriately collected and recycled as required by practices established for your country. For information on recycling of this product, please contact your local authorities, your household waste disposal service, or the shop where you purchased the product.
