**Safety Instructions**

Warning: Fire, electric shock, damage to keyboard device could occur if the following instructions are not obeyed

1. Keep away from microwave radiation source
2. Do not place heavy objects on this product
3. No dropping and bending
4. Keep away from oil, chemical, or organic solvents

This device complies with part 15 of the FCC results.

Operation is subject to the following two conditions:

1. This device may not cause harmful interference and
2. This device must accept any interference received, including interference that may cause undesired operation.

Note: This Equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the Federal Communications Commission (FCC) rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- 1.1. Reorient or relocate the receiving antenna
- 1.2. Increase the separation between the equipment and receiver
- 1.3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- 1.4. Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the manufacturer could void the user's authority operate the equipment.

**PAIRING: MAC**

1. Turn on the keyboard. The power indicator will turn green for ~3 secs, then turn off.

2. Press and hold the  $\mathbb{F}1 \sim \mathbb{F}3$  button for about 3 seconds. (Please make sure the blue LED is flashing)

3. The device will search automatically.

4. Go to System Preference > Bluetooth. When "Compact Keyboard" shows, choose "Connect".

5. The blue LED will stop blinking, indicating a successful pairing. Start using the Satechi Compact keyboard.

Note:  
1. After 30 minutes non-operation, the keyboard will go to sleep mode. Please press any key to wake up.  
2. Quickly switch between  $\mathbb{F}1, \mathbb{F}2$  and  $\mathbb{F}3$  to switch devices.  
3. For buttons  $\mathbb{F}1 \sim \mathbb{F}12$  press the "Fn" key with the key to enable the function.
