

Instructional Guide

Type-C USB Passthrough Hub

1. Plug the hub into Type-C USB port.

2. When the hub is plugged correctly the **LED** on the hub will turn on.

3. Connect your devices to the hub ports.

4. Plug charging cable into **Type-C port** to charge your Macbook.

5. To unplug the hub pull its **top side** gently in the direction opposite to the connector.
