

# R1 BLUETOOTH PRESENTATION REMOTE

- 1** Power on the remote using the bottom switch.

- 2** To place into pairing mode, press and hold the remote's Bluetooth button for ~3 seconds.  
The light will start flashing

- 3** In your host device's Bluetooth settings, select "R1 Presenter" when it appears and connect to finish pairing process.

- 4** Use the remote's back/forward slide, black out screen, virtual keyboard, and laser pointer to control presentations from afar.

- 5** Presentation features supported in PowerPoint, Keynote, Prezi, Google Slides, PDF. For PowerPoint, an active Office365 subscription is required.

- 6** After ten minutes of inactivity, the remote will go into sleep mode. Press any button to wake.

- 7** To recharge the remote, connect to a powered USB-C port using the included cable. Flashing red light indicates low battery. Red light will turn green when fully charged.

COMPATIBLE WITH MAC & IOS DEVICES (2012 & NEWER)
