

USB4 V2 PRO CABLE

SKU: ST-YU4120K

1

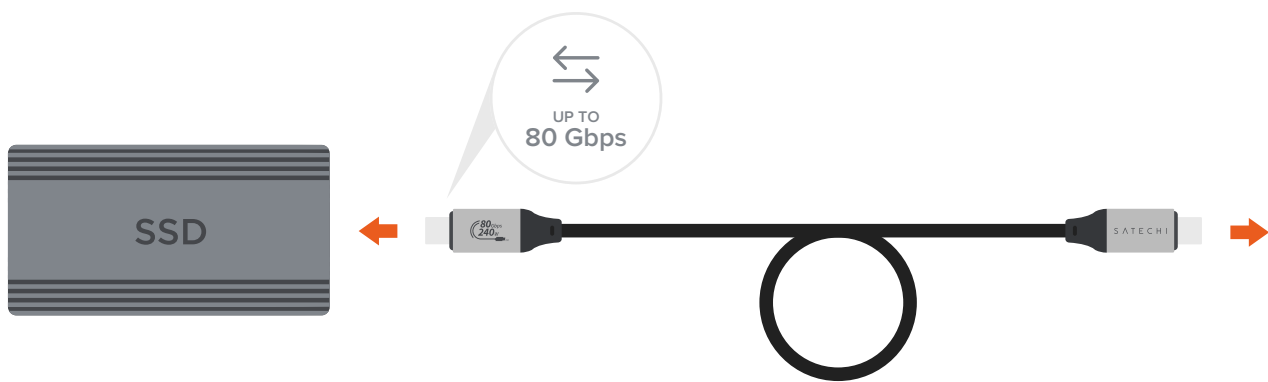

Connect the Cable to a USB-C external display.

Supports up to 16K resolution at 30Hz, 8K resolution at 120Hz or 4K resolution at 240Hz.

The USB-C port must support DisplayPort via Alt mode.

Refer to your device's technical specifications for supported video output resolutions.

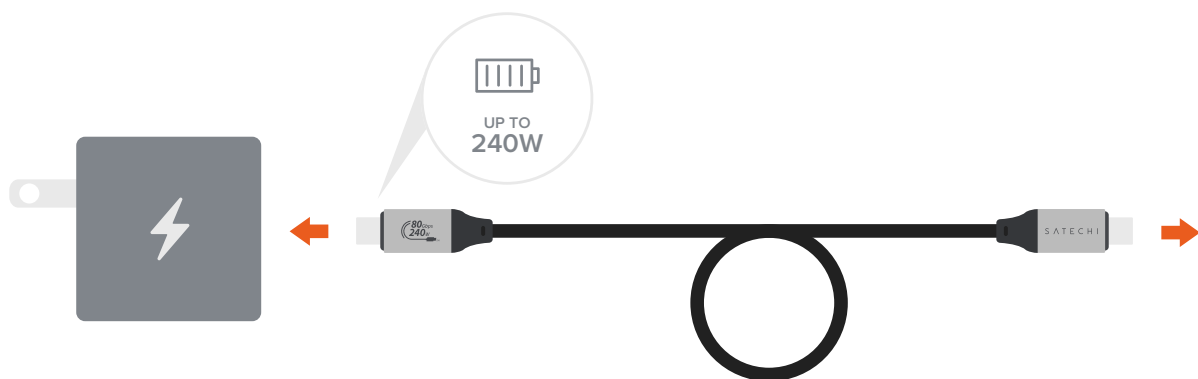

2

Connect the Cable to the USB-C port on your compatible host device for fast data transfer speeds up to 80 Gbps maximum.

Compatible with USB-C ports that do not support 80 Gbps transfer speeds or use different protocols; transfer speeds may vary. Refer to your device's technical specifications for supported transfer speeds via USB-C.

3

Charge your host devices up to 240W.

Not all host devices support 240W charging.

Refer to your device's technical specifications for supported charging wattages.
