

R2 BLUETOOTH MULTIMEDIA REMOTE CONTROL

- 1 Power on the remote using the bottom switch.

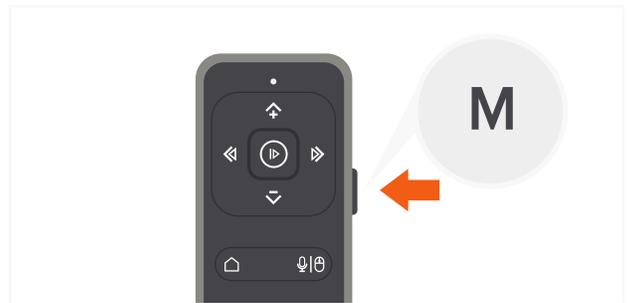

- 2 Enter pairing mode by press and holding the remote's Bluetooth button for ~3 seconds. The light will start flashing

- 3 Select "R2 Remote" when it appears in your host device's Bluetooth settings to connect and finish the pairing process.

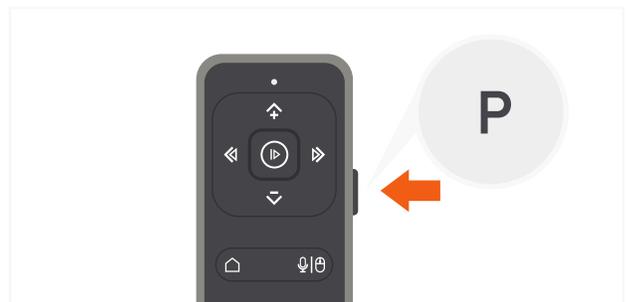

- 4 Supports Apple Music, Spotify, Pandora, YouTube* while in Multimedia mode.
*YouTube app does not support fast-forward/rewind, in-browser use is supported

- 5 Supports PowerPoint, Keynote, Prezi, Google Slides, PDF while in Presentation mode. PowerPoint requires a valid Office365 subscription

- 6 Enable the on-screen laser feature within PowerPoint or Keynote settings with the remote in Presentation mode (P). See instructions in Enabling On-Screen Laser guide

- 7 After ten minutes of inactivity, the remote will go into sleep mode. Press any button to wake.

- 8 To recharge the remote, connect to a powered USB-C port using the included cable. Flashing red light indicates low battery. Red light will turn green when fully charged
