

S A T E C H I

ONTHEGO 5-IN-1 MULTIPORT ADAPTER

USER MANUAL

ENGLISH

FUNCTIONS

1. Braided USB-C Cable (Host)

2. USB-C Data Port (up to 5Gbps)

3. USB-C PD Port (60W max)

4. LED Indicator

5. USB-A Data Port (up to 5Gbps)

6. SD Reader (up to 104MB/s)(UHS-I)

7. HDMI Port (up to 4K/60Hz)

8. 2× 3M Adhesive Rings

PLUG & PLAY

1. Connect to a USB-C host device
2. Connect your devices

POWER ON/OFF INDICATOR

- Powering On: White LED
- Powering Off: LED Off

WRAP & SECURE THE CABLE

1. Coil the USB-C cable into the bottom groove of the adapter, following the circular path.
2. Push the USB-C connector into the designated clips to lock it in place.
3. Ensure the cable sits flush and the connector is firmly held to prevent it from coming loose during travel.

ATTACH THE 3M ADHESIVE RING

1. Clean the surface where you'll place the 3M Adhesive Ring.
2. Before peeling the adhesive, check that the USB-C cable comfortably reaches your device's port. Adjust placement if needed.
3. Remove the protective film from the 3M Adhesive Ring to expose the adhesive.
4. Press the 3M Adhesive Ring firmly onto a clean, flat surface. Avoid curved or textured areas.
5. Attach the OnTheGo 5-in-1 Adapter and connect your devices.

IMPORTANT

- Magnetic base does not provide wireless charging.
- Insert SD card with the pins facing down.
- Not compatible with Apple USB SuperDrive or CD Readers.
- USB-C ports do not support video output.
- Keep away from water, liquid, and moisture.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

Satechi declares that this product is in compliance with the essential requirements and other relevant provisions of applicable EC directives. For Europe, a copy of the Declaration of Conformity for this product may be obtained by visiting <https://satechi.com/pages/doc-1>

WEEE Information

According to the WEEE (Waste Electrical and Electronic Equipment) Directive, do not dispose of this product as household waste or commercial waste. Waste electrical and electronic equipment should be appropriately collected and recycled as required by practices established for your country. For information on recycling of this product, please contact your local authorities, your household waste disposal service, or the shop where you purchased the product.

CAN ICES(B)/NMB(B)

This Class B digital apparatus complies with Canadian ICES(B). (Cet appareil numérique de la Classe B conforme à la norme NMB(B) du Canada).

AUSTRALIAN CONSUMER LAW

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
