

# INSTRUCTIONAL GUIDE

## TYPE-C MOBILE PRO HUB

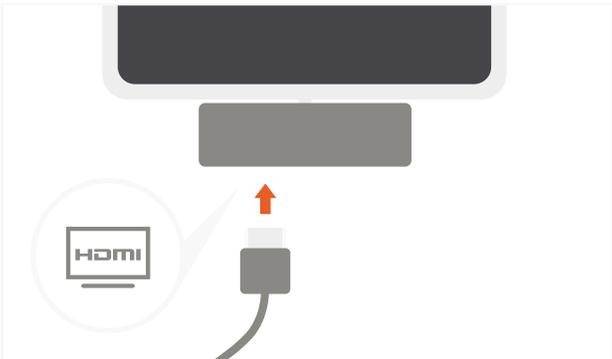

- 1** Plug the hub into the USB-C port on your 2018 iPad Pro or USB-C tablet/smartphone.  
Not compatible with cases

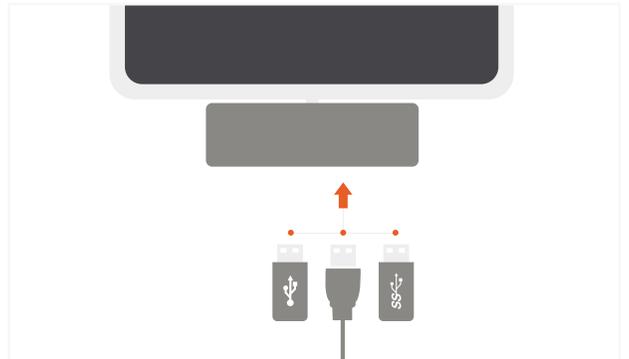

- 2** Connect a USB-C charging cable to the hub's USB-C PD port to charge your 2018 iPad Pro.

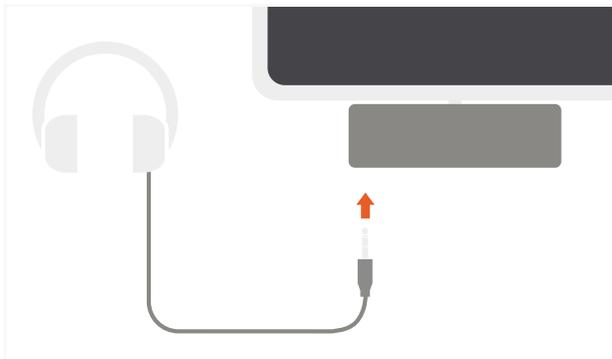

- 3** Connect an HDMI external display to the hub's HDMI port.  
Requires a direct HDMI to HDMI connection.  
Refresh rate: 30Hz

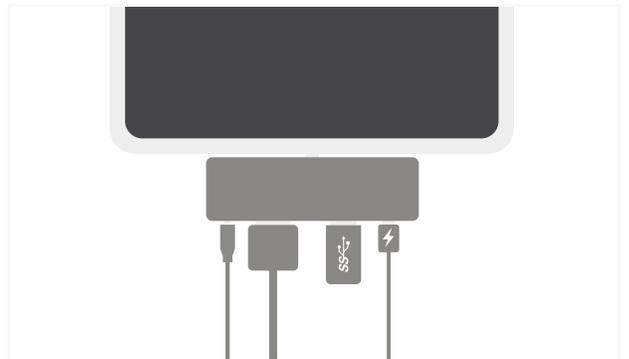

- 4** Use the USB 3.0 port to connect external keyboards or thumb drives for photographic media transfer (via DCIM folder).  
Only supports data transfer from a photographic device.  
Not compatible with Apple SuperDrive

- 5** Use 3.5mm headphone jack port to connect wired headphones or headset.

- 6** All ports can be used simultaneously.  
Plug & play – no extra drivers required.

NOTE: OPERATING TEMPERATURE IS 86-122°F
