

# Instructional Guide

## Type-C USB 3.0 Hub

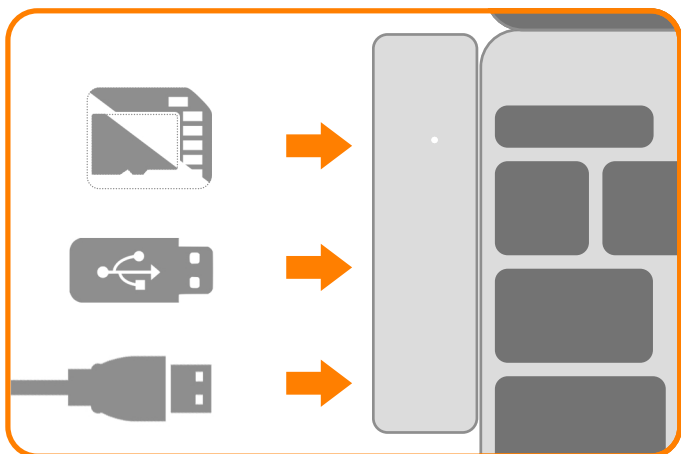

1. Plug the hub into Type-C USB port.

2. When the hub is plugged correctly the **LED** on hub will turn on.

3. Connect your devices to Hub ports.  
*Only one device (SD card or MicroSD card) can be read at the same time.*

4. To unplug the hub pull its **top side** gently in the direction opposite to the connector.
